

true cooling specialists

#### **BIOMEDICAL REFRIGERATOR**

With its low energy consumption, Arctiko's eco-friendly LR series offers flexibility, security, and reliability for users. The Carel controller features an integrated data logger, which can be accessed via Bluetooth.

## **▶ INTEGRATED DATA LOGGER**

Combining accurate temperature monitoring for optimal sample storage and regulatory compliance, the integrated data logger empowers you with on-the-go control via detailed graphs, alarms, and settings accessible through your phone's Bluetooth connection to the unit's display.

## **▶ FORCED AIR COOLING**

Forced air cooling provides excellent temperature stability. Forcing the airflow around the stored items ensures quick temperature recovery after door openings.

## **KEY LOCK SECURITY**

Equipped with a secure key lock, providing an added layer of protection for valuable contents and preventing unauthorized access. This feature ensures the integrity and confidentiality of stored items, making it ideal for environments where security is paramount.

# ► ENVIRONMENTALLY FRIENDLY REFRIGERANT

This device uses refrigerants with low Ozone Depletion Potential (ODP) and Global Warming Potential (GWP), supporting environmentally conscious operation while maintaining optimal performance and safety standards.

DATA LOGGER

FORCED AIR COOLING

ADJUSTABLE SHELVES

The Carel controller features Bluetooth connection, visual and acoustic alarms, high/low-temperature alarms, open-door alarms and a data logger.

The shelves are easily adjustable to offer the best flexibility for your storage needs.

This model features durable, cost saving LED lighting for better overview of your samples.

<sup>\*</sup> The pictures shown are for reference only, actual product size may vary. Please read the dimensions of the product in the specifications.

The ARCTIKO PR, LR and LF series includes the following features, and more:

- Forced Air CoolingLow Energy Consumption
- Key Lock on Door
- Carel controller
- Remote Alarm Interface
- Monoblock Technology
- Eco Friendly Refrigerant
