# ARCTIK® LTF 85

true cooling specialists

#### LOW TEMPERATURE CHEST FREEZER |

STORES YOUR SAMPLES UNDER OPTIMAL CONDITIONS

The single compressor technology provides reliable low temperature freezing and high temperature uniformity.

### **COOLING SYSTEM**

Arctiko's LTF range utilizes our single compressor technology. This means fewer mechanical components taking up space and lowering unnecessary heat-and noise dissipation.

The technology ensures the best possible storage capacity per square meter of any chest freezer models in the market.

With Arctiko, you are maximizing the amount of samples you can store, while retaining the best possible cooling performance.

## ► OPTIMIZED STORAGE CAPACITY

The freezer has optimized internal storage for the best overlook. With the standard included stackable basket and the optional stainless steel front rack storage system the samples will be easy accessible at any time.

The freezer also has a premade access port with no extra cost involved, making it easier to monitor or inspect the unit with external probes.

#### > FILTERLESS CONSTRUCTION

Our filterless construction makes cleaning unnecessary. The evaporator coils are spaced so far apart that dust will not be trapped and obstruct the airflow.

The filterless construction eliminates the need for filters entirely, saving you maintenance time and cost.

SINGLE COMPRESSOR SYSTEM

FILTERLESS CONSTRUCTION

NOISE REDUCTION TECHNOLOGY

Optimal storage capacity and overview of the stored samples with the baskets.

The key lock on the handle is a standard feature in our LTF 85 for optimal security for your samples.

The ARCTIKO LTF 85 model supports following optional features:

- Temperature chart recorder
- Rollers on metal frame
- GSM alarm module
- Voltage converter
- Voltage stabilizer
- Racks & boxes
- Jumbo basket
- Basket

	MODEL	LTF 85
	Item code	DAI 0101
	Temperature range (°C)	-30 / -60
		25
sus	Max. ambient temperature (°C)	71
Main specifications	Capacity (L)	
ecifi	Exterior dimensions WxDxH (mm)	552x648x850
ds u	Interior dimensions WxDxH (mm)	390x390x465
Σ	Weight (kg)	48
	Insulation (mm)	80
	Cooling technology	static
	Controller model / probe type	Dixell / PT1000
	Power supply (V)	230
	Frequency (Hz)	50
Power	Power consumption (kWh/24h)	5.1
Ро	AMP (A)	2.0
	Power (Watt)	297
	Horse power (HP)	1/2
	Alarm display as text - not codes	no
İ	Visual / acoustic alarm	yes / yes
l	Power failure alarm	no
ions	Adjustable high / low temperature alarm	yes / yes
unct	Open door alarm	no
Alarm functions	Probe failure alarm	yes
¥	Low battery alarm	no
	Compressor failure alarm	no
